

Forklift Spreader Bars

Forklift Spreader Bars - ELME has been proudly operating ever since 1974, becoming the biggest independent spreader maker all-around the world. They are a dedicated producer of spreaders meant for a lot of several applications like the swop bodies, trailers, and handling of containers.

Engineering is done in-house by means of utilizing all of the latest FEM tools and CAD systems. The ELME business presently has over 125 employees. Their spreaders are supplied to reach ship-to-shore cranes, stackers, straddle carriers, lift trucks, gantry and quayside all-over the globe.

The ELME product collection offers spreaders for various trailer and container handling operations. Some of their inventory include: Harbour Cranes, Lift Trucks, Straddle Carriers, Ship to Shore Spreaders, Spreaders for Rail mounted and Rubber Tired Gantry Cranes, Reach Stackers plus a wide variety of attachments.

Production and manufacturing of ELME products are developed in highly automated purpose built factory. In the year 2008, they made 1150 spreaders by way of making use of quality parts to be able to guarantee reliability and top standards. Major characteristics of ELME include design simplicity, market reaction and ground-breaking modular spreader concept.
