

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are a major player in the material handling field of each and every global business. Transporting industrial goods occurs every day on our industrious planet. First innovated as industrial vehicles in the 1930s in America, forklifts gained recognition after WWII in the 1940s. Becoming a reliable and efficient means to material handling solutions, the need and practicality of these machines spread worldwide.

In nineteen forty nine, founded by Mr. N. Niwa, the first Toyo Carrier Manufacturing Company Limited, which was later named Toyo Umpanki Co, was established. Presently the business is simply called TCM Corporation. Throughout the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the business. TCM started building forklift manufacturing sites outside of Japan during the 1980s and is presently engaged in lift truck manufacturer at three foreign factories in China, the United States and Europe.

TCM proudly manufactures various models of industrial lift trucks with more than 50 years of accumulated technology and expertise, making their products recognized and used all over the world. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading company.
